

Color Guard from a Members Perspective

"Why I Love Color Guard"

From a Senior Guard Perspective:

1. you meet some great people
2. you make life long friendships and bonds
3. you have a love/ hate relationship with color guard itself and with the people
4. last and most of all it's my life and I don't know what I will do without it!

From a Junior Guard Perspective:

Color guard is a great activity. It's a chance to hangout with your friends, have fun, and stay in shape, all at the same time. I've learned a lot of about life in general and how to work with people while I've been in guard. I honestly don't know what I'd do without it.

From a Sophomore Guard Perspective:

Hey! So color guard/marching band may be a lot of work, but it's so worth it, especially when we go to the competitions (i.e.: Grand Nationals at the RCA Dome in Indianapolis!). You become a family. You can make so many friends. If you decide to do outdoor guard, you should think about indoor guard too, it's so much fun! You get to spin bare foot! Of course, it's indoor!

From a Freshman Guard Perspective:

I think that the whole color guard process is a great extra activity. I think that any one that wants to be a part of any school activity; they should join the marching band. Yea it might sound dorkey, "I'm in the marching band" but if you take a look at how much recognition that the marching band gets during the school year. It is more than what any one else gets. Yea it is a lot of work but it is so much fun after all of the hard work that you put forth. So here are my feelings about color guard.
